There is a little-known niche in the insurance industry. High profile travelers and those who do business in dangerous parts of the world often buy comprehensive medical and tactical extraction policies. These policies guarantee that if the policy holder should become injured, ill or abducted, then the insurance company will provide assistance in the form of highly-trained, experienced operator teams to perform these extractions. Neil is leading just such an operation for a wealthy Spaniard named DeAngelo whose wife and two daughters have gone missing. Neil and four other ex-Special Forces operatives make up the team known as Crosswind 5. When the men of Crosswind 5 are forced by DeAngelo to team up with a hand-selected, sultry female agent of the Spanish government, the once clear mission objective becomes blurred. Enter the secret and excited world of global intrigue. Some of it is true, some of it is fiction, but all of it is non-stop, heart-pounding action.
