Diabetes Care: A Practical Manual (Oxford Care Manuals) Rowan Hillson

Diabetes is common, chronic, complicated, and costly both to the patient and to the state. It causes distress, disability, and premature death. Most diabetes complications can be prevented or reduced. *Diabetes Care Second Edition* is a concise and easy-to-read reference source for all aspects of care in the management and understanding of diabetes.

This pocketbook provides a step-by-step guide to diabetes care for doctors, nurses, and other health care professionals working in primary, community, and secondary care, particularly general practitioners, practice nurses, diabetes specialist nurses, junior hospital doctors, ward nurses, and pharmacists. The author draws on practical experience taking a common-sense approach to the assessment, education, monitoring, and treatment of diabetes across all age groups and ethnic backgrounds. There are detailed sections on helping patients manage their diabetes in everyday life, extensive advice on the monitoring and adjustment of glucose levels, and discussion on the preventing and coping with emergencies. Focus is primarily on the prevention, detection, and treatment of diabetic tissue damage, including heart disease.

The new edition of *Diabetes Care - a Practical Manual* provides up-to-date guidance on managing diabetic emergencies including hypoglycaemia and diabetic ketoacidosis, and new advice about diabetes care in A&E and the hospital setting. There is also an expanded section on using data and audit to review and improve care.

From reader reviews:

Martin Elkins:

Hey guys, do you desire to find a new book you just read? Maybe the book with the subject Diabetes Care: A Practical Manual (Oxford Care Manuals) suitable to you? Often the book was written by a popular writer in this era. The actual book titled Diabetes Care: A Practical Manual (Oxford Care Manuals) is a single of several books in which everyone reads now. This kind of book has inspired many men and women in the world. When you read this e-book you will enter the new dimension that you never knew prior to. The author explained their thought in a simple way, so all of people can easily be aware of the core of this e-book. This book will give you a great deal of information about this world now. In order to see the representation of the world in this particular book.

James Pickett:

Precisely why? Because this Diabetes Care: A Practical Manual (Oxford Care Manuals) is an extraordinary book that the inside of the book is waiting for you to snap the item but later it will surprise you with the secret the item inside. Reading this book alongside it was a fantastic author who else writes the book in such an incredible way makes the content inside easier to understand, an entertaining way but still conveys the meaning completely. So, it is good for you because of not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of benefits that other books have not such as help improving your expertise and your critical thinking way. So, still want to postpone having that book? If I ended up you I will go to the publication store hurriedly.

Mark Mata:

The book titled Diabetes Care: A Practical Manual (Oxford Care Manuals) contains a lot of information on the item. The writer explains the idea with an easy way. The language is very clear to see all the people, so do not worry, you can easily read that. The book was compiled by a famous author. The author brings you in the new age of literary works. You can actually read this book because you can read more on your smart phone, or product, so you can read the book throughout anywhere and anytime. In a situation you wish to purchase the e-book, you can visit their official web-site as well as order it. Have a nice learn.

Veronica Turner:

Many people spend their period by playing outside along with friends, fun activity using family or just watching TV the entire day. You can have new activity to invest your whole day by looking at a book. Ugh, you think reading a book really can be hard because you have to bring the book everywhere? It's fine you can have the e-book, bringing everywhere you want in your Cell phone. Like Diabetes Care: A Practical Manual (Oxford Care Manuals) which is keeping the e-book version. So, why not try out this book? Let's see.
