Questions & Answers For Passing the MBLEx and NCBTMB Exams (2012 Edition) (English and Spanish Edition) Michelle Phillips

This is the latest one volume, condensed study guide updated in 2012 from Massage Review Publications. This study guide was not designed to be a textbook. Instead, it assumes that you have already been exposed to the material in school and want to do a comprehensive review of the subject matter areas of the exam and properly prepare to pass the exam. This book can be viewed as a well-organized series of practice exams. The questions found on your exam will be on the same material as those in this study guide because the test creators have provided everyone with the content areas that will be tested upon. Some of the exam questions may be written in a way that required you to apply your knowledge over a somewhat longer fact scenario than our questions. In such cases, just apply your factual knowledge and reasoning to the scenario presented and the correct answer will be apparent.
