Book Description:

"Drums and Shadows is a book by Mary Granger published in 1940. The book is an account of oral folklore collected in Georgia from African-Americans, many of whom had been slaves.

The main focus of the book is the set of beliefs gathered from these people, much of which today falls under the category of voodoo, including spirits, talismans, lucky and unlucky actions and omens. It also examines the use of drums and dancing during celebrations, funerals and baptisms, as well as other aspects of their folklore.

Granger uses the information gathered, both from the former slaves interviewed and from African ethnographers and folklore-experts, to conclude that these beliefs originated in Africa." (*Quote from wikipedia.org*)
