The Interior Dimension: A Theoretical Approach to Enclosed Space Joy Monice Malnar, Frank Vodvarka

This comprehensive survey brings together primary source material related to the design of interior spaces through history. The authors probe how issues in the design of interior space have been approached by designers past and present and also the influence of fields such as psychology and the fine arts on spatial design. Excellent visual examples clarify different concepts discussed. This book should be of interest to student and professional interior designers and architects.
