The Yorkshire Wolds in northern England is one of the least visited areas in the country, but what is it like to live in this rural location in the early 21st century of shop, Post Office and pub closures ? These short 'adventures' first appeared as an online blog (Web diary) and cover a bewildering array of subject matter that does not confine itself to this small geographical area. All human and non-human life is to be found - from feuding neighbours to sampling the many delights of the natural and historical world, with a good sprinkling of dry humour. . . . . and not forgetting the eternal battle between light and darkness !
