Tudor Queenship: The Reigns of Mary and Elizabeth (Queenship and Power)

Tudor Queenship: The Reigns of Mary and Elizabeth (Queenship and Power)

The essays in this volume contribute to a new understanding of the second half of the sixteenth century when England experienced the unprecedented rule of two successive queens regnant. Focusing on a diverse range of issues, from politics and personnel to ceremony and costume, and from a range of perspectives, *Tudor Queenship* demonstrates that thinking about both queens at the same time can be highly suggestive, and propels us to revise, develop and understand, and to contextualize, traditional interpretations. From what Elizabeth learnt from Mary, assessments of political acumen and the significance of confessional differences this is the first volume to focus on both Mary and Elizabeth, and to consider them as Renaissance monarchs a European stage.
