Hardware Software Co-Design of a Multimedia SOC Platform Sao-Jie Chen, Guang-Huei Lin, Pao-Ann Hsiung, Yu-Hen Hu

Hardware Software Co-Design of a Multimedia SOC Platform is one of the first of its kinds to provide a comprehensive overview of the design and implementation of the hardware and software of an SoC platform for multimedia applications. Topics covered in this book range from system level design methodology, multimedia algorithm implementation, a sub-word parallel, single-instruction-multiple data (SIMD) processor design, and its virtual platform implementation, to the development of an SIMD parallel compiler as well as a real-time operating system (RTOS). *Hardware Software Co-Design of a Multimedia SOC Platform* is written for practitioner engineers and technical managers who want to gain first hand knowledge about the hardware-software design process of an SoC platform. It offers both tutorial-like details to help readers become familiar with a diverse range of subjects, and in-depth analysis for advanced readers to pursue further.

From reader reviews:

Lewis Dall:

What do you ponder on book? It is just for students because they are still students or this for all people in the world, what best subject for that? Merely you can be answered for that query above. Every person has different personality and hobby for each and every other. Don't to be compelled someone or something that they don't want do that. You must know how great as well as important the book Hardware Software Co-Design of a Multimedia SOC Platform. All type of book would you see on many sources. You can look for the internet solutions or other social media.

Curtis Miller:

Do you have something that that suits you such as book? The guide lovers usually prefer to select book like comic, brief story and the biggest the first is novel. Now, why not seeking Hardware Software Co-Design of a Multimedia SOC Platform that give your entertainment preference will be satisfied by means of reading this book. Reading practice all over the world can be said as the means for people to know world better then how they react in the direction of the world. It can't be claimed constantly that reading behavior only for the geeky man but for all of you who wants to end up being success person. So , for all you who want to start reading through as your good habit, you can pick Hardware Software Co-Design of a Multimedia SOC Platform become your starter.

Rita Beatty:

Don't be worry for anyone who is afraid that this book will filled the space in your house, you can have it in e-book approach, more simple and reachable. This particular Hardware Software Co-Design of a Multimedia SOC Platform can give you a lot of close friends because by you checking out this one book you have matter that they don't and make anyone more like an interesting person. This particular book can be one of one step for you to get success. This guide offer you information that possibly your friend doesn't recognize, by knowing more than other make you to be great individuals. So , why hesitate? Let me have Hardware Software Co-Design of a Multimedia SOC Platform.

Helen Noyola:

As we know that book is important thing to add our know-how for everything. By a book we can know everything we would like. A book is a list of written, printed, illustrated as well as blank sheet. Every year ended up being exactly added. This reserve Hardware Software Co-Design of a Multimedia SOC Platform was filled regarding science. Spend your time to add your knowledge about your scientific disciplines competence. Some people has various feel when they reading a book. If you know how big benefit from a book, you can experience enjoy to read a book. In the modern era like currently, many ways to get book you wanted.
