This book will take you from where the movie American Sniper left off to the tragic end of the life of Chris Kyle. It covers territory that was never written about before and rarely discussed. Now you will know what was once thought never to be known. INNER VOICE SIXED is a fictional trip wholly imaginal of being inside the mind of a killer. You will ride along with Eddie as he sits in the back seat. You will step out into freedom with him at the shooting range. You along with Eddie all the while be trying to make some sense of what is happening. Going from seeing two men riding in the front seat of an awesome truck with guns piled in the back, some of which are loaded, you will come to hear the inner voice of Eddie as if it's your very own. As if standing beside Eddie you will watch a drop of blood land on a cowboy boot like a Texan El Paso raindrop on a hot sunny day. To shoot or not to shoot at highway speeds the voice asked. Sadly, that is the only question the dysfunctional mind of Eddie correctly answered doing so purely for his personal physical well being. See how Eddie and his hallucinatory inner voice perversely worked out the answer to this question and others. Go figure... go declivity contemplate the true piddling facts Eddie had at his disposal against his sick medicated reality. Were the two men taking him to a killing? ...his? Proactive self defense or insanity driven behavior you decide. Out right murder you think? Find out about lurking omens, a bloody lizard and warlords. Find out about floating bodies. Realize how Chris missed the signs of salvation. Learn for yourself what we may never really know about the last footsteps of two murdered men. You won't be let down "cuz" in the text-ed words of reposing Chris Kyle, the murdered American Sniper, who God willing is getting ready for his next assignment over there on the other side... Eddie's "STRAIGHT UP NUTS".
