John R. Vile

Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2010 [2 volumes] John R. Vile

First published to universal acclaim, including a "Best Reference Book" citation from *Library Journal*, John Vile's award-winning *Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues* has long served as the definitive work on this vast and essential subject. Expanded and updated, the new *Third Edition* of this landmark resource takes its place as the most comprehensive and up-to-date reference of its kind.

With over 500 alphabetically organized entries, the *Encyclopedia* tells the whole story of constitutional amendments: the rigorous ratification process, the significance of the 27 amendments that made it into the Constitution, and the notable and sometimes preposterous topics of the thousands that did not. The third edition offers a new preface, updated research throughout, and over 75 new entries, including discussions of amendments currently under consideration, such as proposals to ban burning the U.S. flag, legalize school prayer, and compel the federal government to balance the budget.
