The Story

During a daring raid on a secret Pirate stronghold in the Caribbean, Captain Rob McGregor of the Sea Dancer and his own pirate crew steal the infamous treasure belonging to Captain William Kidd. Rich beyond their wildest dreams, Captain McGregor and his band of pirates set out to sea, their ships' holds full of pirate booty.

When they are hit by the most intense electrical storm of the 17th Century, the Sea Dancer is transported through time to the year 2014. Bemused, hungry and thirsty, Captain McGregor and his crew sneak into a secluded bay in Puerto Rico, hoping to find food and water.

Instead they find a 'palace' : an exclusive five-star holiday resort for the rich and famous.

Scared, bewildered and desperate, they take over the resort, holding everyone hostage.

Quickly, the situation goes from bad to worse. Within hours of landing at the Blue Emerald Bay Resort, several of the crew fall sick. When one dies, the resort doctor identifies it as a unique and new strain of pneumonic plague, never before seen in the 21st Century, and an infection so deadly, that if it infects the residents of the Blue Emerald Bay and escapes the confines of the resort, could threaten to wipe out the human race...
