Psychiatry: Addiction and Cognitive Impairment (Audio-Digest Foundation Psychiatry Continuing Medical Book 40) Audio Digest

Purpose: Audio-Digest Foundation CME/CE activities are designed to provide its learners – physicians and other healthcare professionals – with continuing education that will help identify clinical problems in their practice settings, provide content to help to solve those problems, and increase their application of knowledge to practice.

Audio-Digest Psychiatry is specifically designed to provide the participant with useful and up-to-date information on accurate diagnosis and appropriate management in all types of psychiatric disorders, including, but not limited to:

Anxiety disorders
Dementia, delirium, amnesia, and other cognitive disorders
Geriatric psychiatry
Mental disorders in childhood and adolescence
Mood disorders
Multiaxial illnesses
Personality disorders
Schizophrenia and other psychotic disorders
Sexual disorders and paraphilias
Sleep disorders
Substance-related disorders

Educational Objectives

The goal of this program is to improve the recognition and management of neurocognitive deficits in patients with a history of substance abuse. After hearing and assimilating this program, the clinician will be better able to:

1. Identify critical areas of cognition frequently impaired in patients receiving treatment for substance abuse.
2. Recognize neurologic and cognitive effects associated with the abuse of specific substances.
3. Apply sophisticated screening tools to accurately assess neurocognitive deficits.
4. Incorporate occupational therapy and cognitive remediation into treatment plans for patients with cognitive deficits and impairments.
5. Adjust therapeutic modalities to improve efficacy in patients who have difficulties with cognition or comprehension.

Eric Langley:

Precisely why? Because this Psychiatry: Addiction and Cognitive Impairment (Audio-Digest Foundation Psychiatry Continuing Medical Book 40) is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will shock you with the secret the idea inside. Reading this book alongside it was fantastic author who all write the book in such wonderful way makes the content on the inside easier to understand, entertaining technique but still convey the meaning totally. So, it is good for you for not hesitating having this anymore or you going to regret it. This amazing book will give you a lot of gains than the other book have got such as help improving your ability and your critical thinking technique. So, still want to hold off having that book? If I ended up you I will go to the publication store hurriedly.

Michael Garcia:

You can spend your free time you just read this book this book. This Psychiatry: Addiction and Cognitive Impairment (Audio-Digest Foundation Psychiatry Continuing Medical Book 40) is simple to bring you can read it in the recreation area, in the beach, train and soon. If you did not get much space to bring the particular printed book, you can buy the particular e-book. It is make you quicker to read it. You can save the particular book in your smart phone. Thus there are a lot of benefits that you will get when one buys this book.

Donna Willeford:

As a student exactly feel bored to reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just minor students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country.

Therefore , this Psychiatry: Addiction and Cognitive Impairment (Audio-Digest Foundation Psychiatry Continuing Medical Book 40) can make you sense more interested to read.
