Ain't I a Womanist, Too?: Third Wave Womanist Religious Thought (Innovations) Monica A. Coleman

Third wave womanism is a new movement within religious studies with deep roots in the tradition of womanist religious thought—while also departing from it in key ways.

After a helpful and orienting introduction, this volume gathers essays from established and emerging scholars whose work is among the most lively and innovative scholarship today.

The result is a lively conversation in which ‘to question is not to disavow; to depart is not necessarily to reject’ and where questioning and departing are indications of the productive growth and expansion of an important academic and religious movement.
