*A chance meeting that could scandalise the ton!*

19th century England. Harriet is running for her life, chased by three men on horseback through Hyde Park. Knocked unconscious, everything goes black...

Philip, Baron Eaglestone, has never seen such a beautiful damsel in distress. And he's even more intrigued when she opens her eyes, and begins to speak. Because this irresistible woman can only remember her first name, and has no knowledge as to who was trying to kill her... or where she is!

As Philip cares for Harriet, their attraction burns... and neither can shake the feeling that their chance meeting was truly a moment out of time. But if her memory returns, Harriet will be faced with a question. Will she return home or could it be that family is where her heart is – with a Regency rake!
