Brief but deep, you can only take your time absorbing the essence of a quote to get its full story. Those mini stories are what you need to know that you're not alone, and that someone else had been there, done that, and found a light that might as well brighten up your way. Having read hundreds of quotes that inspired me, I've always had a couple of my own in the back of my head. I kept them there on repeat throughout my journey to creating myself, following my dreams, and conquering my fears. And they worked! That's why I thought I'd share them with you. Because life is really too short to not get inspired, to not share its beauty, to live in the dark, to drown in negativity, and to not be able to love yourself and live to your potential. Each quote is based on a true story, a lesson learned, and a life changing experience. But what is even more special about these words, is that everyone can relate to them... So feel free to take this journey and make it your own!
