Automotive SPICE in Practice: Surviving Implementation and Assessment (Rockynook Computing)
Klaus Hoermann, Markus Mueller, Lars Dittmann, Joerg Zimmer

Automotive SPICE is a framework for designing and assessing software development processes. If implemented effectively, it leads to better processes and better product quality. It also helps to improve the cooperation among complex supply chains and between globally distributed development and engineering centers.

Automotive SPICE has been derived from the ISO/IEC 15504 standard, also known as SPICE. It has been developed under the Automotive SPICE initiative by the consensus of several major car manufacturers such as Audi, BMW, Ford, Fiat, Daimler, Porsche, Volkswagen, and Volvo. Today, Automotive SPICE has become a standard in the international automotive industry.

This book is written as a guide to help the reader understand and interpret the requirements of this standard and to implement Automotive SPICE in a real world application environment. It is written for engineers, practitioners, managers, and project managers who need practical guidance in applying or implementing the Automotive SPICE framework in his/her company. Important topics, such as traceability, functional safety (IEC 61508), and the relationship between Automotive SPICE and CMMI are given particular attention.

This book is a definite must for practitioners involved in implementing Automotive SPICE in process improvement programs; a welcome aid for any assessor looking for clear, consistent, and constructive rating guidelines; and an invaluable resource for anyone concerned with engineering development processes in the automotive industry.

From reader reviews:

Donna Cancel:

Do you have favorite book? In case you have, what is your favorite's book? Reserve is very important thing for us to understand everything in the world. Each guide has different aim or maybe goal; it means that e-book has different type. Some people feel enjoy to spend their time for you to read a book. They are reading whatever they acquire because their hobby is actually reading a book. How about the person who don't like looking at a book? Sometime, person feel need book when they found difficult problem as well as exercise. Well, probably you will need this Automotive SPICE in Practice: Surviving Implementation and Assessment (Rockynook Computing).

Travis McDonald:

Reading a book tends to be new life style with this era globalization. With reading through you can get a lot of information that may give you benefit in your life. Using book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their reader with their story or their experience. Not only the storyline that share in the books. But also they write about the data about something that you need illustration. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors nowadays always try to improve their ability in writing, they also doing some study before they write on their book. One of them is this Automotive SPICE in Practice: Surviving Implementation and Assessment (Rockynook Computing).

Keith Karam:

Playing with family in a very park, coming to see the ocean world or hanging out with friends is thing that usually you may have done when you have spare time, after that why you don't try issue that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition info. Even you love Automotive SPICE in Practice: Surviving Implementation and Assessment (Rockynook Computing), you could enjoy both. It is excellent combination right, you still want to miss it? What kind of hang-out type is it? Oh come on its mind hangout guys. What? Still don't have it, oh come on its known as reading friends.

Cory Thomas:

A lot of guide has printed but it differs. You can get it by net on social media. You can choose the most beneficial book for you, science, comedian, novel, or whatever simply by searching from it. It is known as of book Automotive SPICE in Practice: Surviving Implementation and Assessment (Rockynook Computing). Contain your knowledge by it. Without leaving the printed book, it may add your knowledge and make anyone happier to read. It is most crucial that, you must aware about book. It can bring you from one location to other place.
