From one of the greatest living literary imaginations and the celebrated author of FAHRENHEIT 451 comes a collection of never-before-published effortlessly beautiful tales. Recently described in The Times as 'the uncrowned poet laureate of science fiction' Ray Bradbury has won numerous awards including a Pulitzer Prize special citation in 2007 and an Emmy. In this new volume of never-before-published stories, follow a space shuttle crew as they voyage sixty million miles from home, discover what happens when a writer 'with the future's eye' believes his friend to be writing stories aboard a UFO, and listen in on a couple talking themselves backwards through time to the moment when they first held hands.
