## Human Rights in the United States: Beyond Exceptionalism

This book brings to light emerging evidence of a shift toward a fuller engagement with international human rights norms and their application to domestic policy dilemmas in the United States. The volume offers a rich history, spanning close to three centuries, of the marginalization of human rights discourse in the United States. Contributors analyze particular cases of U.S. human rights advocacy aimed at addressing persistent inequalities within the United States itself, including advocacy on the rights of persons with disabilities; indigenous peoples; lone mother-headed families; incarcerated persons; lesbian, gay, bisexual, and transgendered people; and those displaced by natural disasters, most notably Hurricane Katrina. The book also explores key arenas in which legal scholars, policy practitioners, and grassroots activists are challenging multiple divides between "public" and "private" spheres (for example, in connection with children's rights and domestic violence) and between "public" and "private" sectors (specifically, in relation to healthcare and business and human rights).

#### **Cory Thomas:**

As a pupil exactly feel bored to be able to reading. If their teacher asked them to go to the library or make summary for some guide, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the educator want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Human Rights in the United States: Beyond Exceptionalism can make you sense more interested to read.
