The Blood Talisman Kim Culpepper

Alex Jacobs gets bitten by a werewolf, and that's only the beginning of his problems. When his wife is kidnapped and turned into someone beyond recognition, he not only struggles with letting her go but saving her life. Selene is a powerful witch that not only teaches Alex the ways of the wolf but, also teaches him about restraint and purpose. Her shy innocence quickly attracts him to her and he struggles with feeling torn between the two women. Their feelings for each other are complicated by their battle for the blood talisman, the key to immortality. The Blood Talisman to some means ultimate power to others a way to live forever. In Kim Culpepper's debut novel, the first in her trilogy, it is quickly learned that immortality comes at a price to all of humanity.
