Barron's SAT Math Workbook Lawrence Leff

Updated to reflect questions and question types on recent tests, this workbook presents hundreds of math questions in both multiple-choice and grid-in formats with worked out solutions. These exercise with answers will hone students' math skills and prepare them to excel when they take the actual SAT. The author also suggests special math strategies to help test takers approach and correctly answer question types that might be unfamiliar to them. Here is intensive preparation for the SAT's all-important Math section, and a valuable learning tool for college-bound students who need extra help in math.
