Power and Society: An Introduction to the Social Sciences

Brigid C. Harrison

Power and Society: An Introduction to the Social Sciences Brigid C. Harrison

Designed as a basic text for an introductory, interdisciplinary social science course, POWER AND SOCIETY, 14th Edition, introduces students to key concepts in anthropology, sociology, economics, psychology, political science, and history. Employing the central integrative theme of power, the text first introduces each of the social sciences and demonstrates how the various disciplines differ in their focus and methods. Next, the text presents an interdisciplinary viewpoint to illustrate the nature and uses of power in society. POWER AND SOCIETY ignites students' interest in the social sciences by exploring some of the central challenges and contemporary controversies facing American society, such as ideological conflict, racism and sexism, poverty and powerlessness, crime and violence, community problems, and international relations.
