CCTV Surveillance, Second Edition: Video Practices and Technology

Herman Kruegle

CCTV Surveillance, Second Edition: Video Practices and Technology Herman Kruegle

This revision of the classic book on CCTV technology, *CCTV Surveillance*, provides a comprehensive examination of CCTV, covering the applications of various systems, how to design and install a system, and how to choose the right hardware. Taking into account the ever-changing advances in technology using digital techniques and the Internet, *CCTV Surveillance, Second Edition*, is completely updated with the recent advancements in digital cameras and digital recorders, remote monitoring via the Internet, and CCTV integration with other security systems.

Continuing in the celebrated tradition of the first edition, the second edition is written to serve as a useful resource for the end-user as well as the technical practitioner. Each chapter begins with an overview, and presents the latest information on the relevant equipment, describing the characteristics, features and application of each device. Coverage of aging or obsolete technology is reduced to a historical perspective, and eight brand new chapters cover digital video technology, multiplexers, integrated camera-lens-housing, smart domes, and rapid deployment CCTV systems.

- * Serves as an indispensable resource on CCTV theory
- * Includes eight new chapters on the use of digital components and other related technologies that have seen a recent explosion in use
- * Fully illustrated, the book contains completely updated photographs and diagrams that represent the latest in CCTV technology advancements

Marina Tucker:

That e-book can make you to feel relax. This kind of book CCTV Surveillance, Second Edition: Video Practices and Technology was vibrant and of course has pictures on the website. As we know that book CCTV Surveillance, Second Edition: Video Practices and Technology has many kinds or category. Start from kids until teens. For example Naruto or Private investigator Conan you can read and think you are the character on there. So , not at all of book are generally make you bored, any it can make you feel happy, fun and unwind. Try to choose the best book for you and try to like reading which.

Clara Radtke:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's heart or real their passion. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this CCTV Surveillance, Second Edition: Video Practices and Technology can make you truly feel more interested to read.
