## **Congress Shall Make No Law....Abridging Freedom of Speech** John Feeny

Congress Shall Make No Law Abridging Freedom of Speech by John Feeny raises the single voice of "an average American man" in a frank, honest, and revealing commentary on the state of America's Left and an exploration of the dangerous path the country has taken since the 1940s that is leading to a more socialistic society . In a freewheeling discussion of multiple topics ranging from Barry Goldwater to the First Amendment, the author walks the reader through the historical context of America's political radicalization and the inevitable conclusion resulting from this context. Few books have drawn the historical and political lessons of the last four decades as clearly as Congress Shall Make No Law. This is not a political diatribe, but rather it is a heartfelt and intimate message from one American to another, the reader. If you are troubled by our government's increasingly left-leaning affairs of state, then this is not only a must read, it is essential.
