Affective Information Processing

Affective Information Processing

Affective information processing assigns computers the human-like capabilities of observation, interpretation and generation of affect features. It is an important topic for harmonious human-computer interaction, by increasing the quality of human-computer communication and improving the intelligence of the computer.

Discussing state of art of the research in affective information processing, this book summarises key technologies researched, such as facial expression recognition, face animation, emotional speech synthesis, intelligent agent, and virtual reality. The detailed discussion covers a wide range of topics including hot topics which look to challenge and improve current research work.

Written to provide an opportunity for scientists, engineers and graduate students to learn problems, solutions and technologies in the topic area, this book will provide insight and prove a valuable reference tool.

From reader reviews:

Karen Imes:

Book is to be different per grade. Book for children until eventually adult are different content. As we know that book is very important usually. The book Affective Information Processing was making you to know about other information and of course you can take more information. It is quite advantages for you. The publication Affective Information Processing is not only giving you more new information but also being your friend when you sense bored. You can spend your own spend time to read your reserve. Try to make relationship with the book Affective Information Processing. You never sense lose out for everything if you read some books.

Anne Hahn:

Here thing why that Affective Information Processing are different and trusted to be yours. First of all examining a book is good but it depends in the content of the usb ports which is the content is as yummy as food or not. Affective Information Processing giving you information deeper and different ways, you can find any book out there but there is no book that similar with Affective Information Processing. It gives you thrill reading journey, its open up your eyes about the thing in which happened in the world which is perhaps can be happened around you. It is easy to bring everywhere like in park, café, or even in your way home by train. In case you are having difficulties in bringing the branded book maybe the form of Affective Information Processing in e-book can be your alternative.

Ralph Ainsworth:

Information is provisions for individuals to get better life, information these days can get by anyone at everywhere. The information can be a information or any news even a concern. What people must be consider while those information which is in the former life are difficult to be find than now's taking seriously which one would work to believe or which one the particular resource are convinced. If you get the unstable resource then you have it as your main information you will see huge disadvantage for you. All those possibilities will not happen throughout you if you take Affective Information Processing as the daily resource information.

Joseph Boyd:

This book untitled Affective Information Processing to be one of several books that will best seller in this year, that's because when you read this reserve you can get a lot of benefit into it. You will easily to buy this specific book in the book retailer or you can order it via online. The publisher of the book sells the e-book too. It makes you easier to read this book, because you can read this book in your Smartphone. So there is no reason for your requirements to past this e-book from your list.
